OBJECTIVE:
I am a Front end developer with a passion for building dynamic and responsive web applications. With a strong foundation in front-end technologies, I aim to create seamless user experiences. My expertise includes HTML, CSS, JavaScript, and frameworks like React. I thrive in collaborative environments, working closely with clients and team members to deliver solutions that not only meet but exceed expectations.

ACEDEMIC QUALIFICATION:
H.S.C From intermediated board of secondary education Karachi
S.S.C Matriculation board of education Islamabad

JOB RESPONSIBILITIES:
As a Front-End Developer, I built and maintained the parts of websites and web applications that users interact with. I worked with HTML, CSS, and JavaScript to turn design mockups into responsive, user-friendly websites. I collaborated with designers and back-end developers to ensure the website worked smoothly and looked great on all devices. I used frameworks like React or Vue.js to create interactive and dynamic features, and made sure the website loaded quickly and was easy to use.
